

# Cosme-Phytamis<sup>®</sup> - ORGANIC

*The new generation of organic-certifiable active ingredients*

## Fact Sheet

*Cosme-Phytamis<sup>®</sup> ORGANIC are extracts from organic plants for use in manufacturing cosmetic products. The concentration of active molecules is ensured by standardizing these natural cosmetic active ingredients and stabilizing them in plant-based glycerin (choice of organic or conventional glycerin is available).*

## Consistent Optimal Quality

- Active molecule concentration 5 to 10 times higher than other extracts on the market thanks to an exclusive, environmentally-friendly manufacturing process
- Active molecule titration analysis (HPLC): guaranteed activity
- Standardization: consistent, reproducible concentration

## Safety and Regulatory Compliance

- Complete traceability from plant to extract to formulated product
- COSMOS/Ecocert compliant
